

Outstanding Performance You've Come to Rely On

Harness® herbicide is a straight goods formulation of acetochlor that is labeled for use in corn, miscanthus and other non-food perennial bioenergy crops. This product offers consistent, season-long performance against grass and small-seeded broadleaf weeds. Harness can be applied preplant, pre-emergence and early postemergence (up to 11-inch corn), providing greater flexibility and more options for growers. It requires less moisture to activate and provides unsurpassed rotational flexibility.

/// BENEFITS

- **Consistent Weed Control**
Straight-goods formulation of acetochlor that offers consistent, season-long performance of annual grasses and small-seeded broadleaf weeds
- **Rotational Flexibility**
Rotational flexibility for multi-crop growers who rotate to sugarbeets, canola and other crops
- **Application Flexibility**
Flexible application window including preplant, pre-emergence and early postemergence in corn up to 11 inches

ALWAYS READ AND FOLLOW PESTICIDE LABEL DIRECTIONS. Performance may vary, from location to location and from year to year, as local growing, soil and environmental conditions may vary. Growers should evaluate data from multiple locations and years whenever possible and should consider the impacts of these conditions on their growing environment. The recommendations in this material are based upon trial observations and feedback received from a limited number of growers and growing environments. These recommendations should be considered as one reference point and should not be substituted for the professional opinion of agronomists, entomologists or other relevant experts evaluating specific conditions. Balance® Flexx and Corvus® are restricted use pesticides. The distribution, sale, or use of an unregistered pesticide is a violation of federal and/or state law and is strictly prohibited. Check with your state department(s) of agriculture, local dealer or representative for the product registration status in your state. Not all products are registered for use in all states and may be subject to use restrictions. Bayer, Bayer Cross, Corvus®, and DiFlexx® are registered trademarks of Bayer Group.
