

Raxil[®]

PRO MD

Raxil[®] Pro MD Seed Treatment

Treating cereal seeds with Raxil[®] PRO MD helps them emerge strong, green and lush. Applied directly to the seed, Raxil[®] PRO MD offers advanced broad-spectrum protection against diseases that threaten cereal seeds and seedlings, promoting the development of a robust plant.

/// KEY BENEFITS

- **New Generation Technology**
Formulated with MD (micro-dispersion) technology to ensure better uniformity of seed coverage for on-farm and commercial applications.
- **Strong Emergence**
Wheat treated with Raxil[®] PRO MD emerges up to 15% stronger than untreated seeds
- **Disease Prevention**
Provides protection against a wide range of diseases including smut, scab, bunt and *Septoria* in one convenient package
