

FIFRA 2(ee) Recommendation

FOR DISTRIBUTION AND USE ONLY WITHIN THE STATE OF IDAHO

SIVANTO[®] prime

EPA Reg. No. 264-1141

To reduce the maximum application rate for control of aphids and leafhoppers; add control of threecornered alfalfa hopper and whiteflies; and add suppression of tarnished plant bug and western plant bug in clover grown for seed.

FIFRA Section 2(ee) Recommendation: This recommendation is made as permitted under FIFRA Section 2(ee) and has not been submitted to or approved by the EPA. This product bulletin should be in the possession of the user at the time of application of the product. All applicable directions, restrictions and precautions on the EPA registered label are to be followed.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its label.
